

## What are Connection Vouchers?

Your business can now get up to £3000 of funding to put towards faster, better broadband through the Government's Broadband Connection Voucher Scheme. You can use the vouchers to boost your existing connection to a superior high-speed broadband connection. As a registered supplier of the scheme we can help you make the most of this offer and 'future-proof' your business with a reliable, dedicated Superfast connection.

The scheme expires by the end of March 2016, so if you want to make the most of this funding, you'll need to act quickly and register your interest now!

### The vouchers can be used for the following connection types\*:

- **FTTC (Fibre to the Cabinet):** A fibre broadband connection that uses existing infrastructure to deliver fast broadband to businesses.
- **EFM (Ethernet in the First Mile):** A cost-effective copper pairs based solution suited to those who can't use FTTC.
- **Leased Line:** A dedicated, private service linking your business to the internet network or another site. Leased Lines come with guaranteed Service Level Agreements.

## What are the benefits?

### 1. Operate more efficiently

Enhance the way you communicate and collaborate via IP Telephony or cloud-based telephony. This enables you to make the most of a mobile workforce that can work from any location, any time, using any device they wish to. For improved disaster planning you can also back up your data to the cloud.

### 2. A better user experience for your customers

Enhance your customers' experience with quicker communication and better services and improve your e-commerce capabilities with higher upload and download speeds.

### 3. Cost saving

Reduce software and hardware costs by switching to online data storage and communications solutions. You can also save on office space and embrace enterprise mobility, encouraging a mobile workforce that can work from anywhere, at any time, that still uses all the tools an office-based worker can.

# How do I get a Connection Voucher?

## 1. Contact

Contact us on **0117 203 3366** to see if you qualify for the Connection Vouchers scheme

## 2. Quote

We'll put together a quote which you can then submit to your local council.
